

Shingletown Emergency Radio - updated 2022 06 26

EMERGENCY RADIO OPERATIONS CENTER

All Areas / Neighborhoods conduct individual Area Nets on their CH 1, then relay as above.
EXCEPTION: VILLAGE CONDUCTS EROC NETS ON EROC 9 with inter-area reports / relays to and from those areas able to reach EROC 9

VILLAGE EROC TEAM MEMBERS (Level 2 and above, both Ham / Non Ham) RUN NET OPERATIONS.
SYSTEM CHANGES WERE REQUIRED DUE TO THE INTENTIONAL AND MALILCIOUS INTERFERENCE WITH THE EMERGENCY COMMUNICATIONS PLAN, COMPOUNDED BY LACK OF HAM OPERATORS HELPING.

THE EROC TEAM MAY MOVE ITS OPERATIONS TO THE HAM REPEATER IF FACTS AND CIRCUMSTANCES REQUIRE (E.G., LIFE THREATENING CONDITIONS - MAJOR WILDFIRE).

JAMMING OF REPEATER OPERATIONS MAY RESULT IN STATIONS BEING LIMITED TO LISTENING ONLY; AND MAY REDUCE YOUR ABILITY TO MONITOR REPORTING.
IF YOU KNOW WHO IS DOING THE INTENTIONAL INTERFERENCE, PLEASE ASK THEM TO STOP.
