**SHINGLETOWN WILDLAND FIRES. MISSING PERSON SEARCHES, POWER OUTAGES, COMPLETE COMMUNICATION FAILURES (NO LANDLINES, NO CELL PHONES, NO INTERNET, NO 911, NO CODE RED...), NEIGHBORHOOD COMMUNICATIONS PLAN, AND ... SHINGLETOWN EMERGENCY RADIO COMMUNICATIONS PREPAREDNESS.**

PHOTOS OF MAINTENANCE WORK TRIP ARE SHOWN: Taking down antenna (tall white Antenna); replacing Coax; testing SWR, putting antenna back up. Cable had to be run through the side of the building below the steel walk way. Used line-man belts for safety.

Previous trip involved testing of repeater system, and replacement of batteries.
