Format Tango 9M (updated 2024 11 13) now shows the "slash codes" (Q codes) (with black background and white printing; AND

KEY WORDS are likewise shown with black background and white printing.

YOU CAN USE EITHER OF ABOVE METHODS (Q CODES   OR   KEY WORDS) TO REPORT.

Of course the Q Codes are much easier for mapping (because Q Codes merely have to be circled and are in alphabetical order on the forms), but we are trying to facilitate that you may not have your Format Tango 9 in front of you.

So, below are the two ways that INDIVIDUAL Reports can be done (use either). FOR EAMPLE:

Q Codes	Key Words
	(you will see that some Routine Q Codes are to always be used)
F1 etc…	F1 etc…
QTH Bravo	QTH B (use Q Code)
QWA or QWA not done	QWA or QWA not done (use Q Code)
/C ("slash Charlie") VERIZON	CELL NOT WORKING - VERIZON
/D ("slash Delta)	911 NOT WORKING
/E ("slash Echo") FRONTIER	INTERNET NOT WORKING - FRONTIER
/Y ("slash Yankee")	/Y (use Q Code)
End Report	End Report

Please use the Q codes OR the KEY WORDS specified.

Please don't provide extraneous comments (e.g. you were busy feeding the dog, … didn't hear the radio go off, .. eating dinner, etc…).

INDIVIDUAL STATION REPORTS:	AREA SUMMARY REPORTS:

FIRST, EACH STN REPORTS TO ITS DESIGNATED CONTROL STATION (E.G., ITS AREA LEAD, OR A CONTROL STN).

SECOND, EACH AREA LEAD SUMMARIZES ITS AREA REPORTING AND RELAYS SUCH SUMMARY TO THE DESIGNATED CONTROL STATION ON HAM OR EROC 9, AS MAYAPPLY.

EXAMPLE BELOW IS A SINGLE VILLAGE STN REPORTING.

EXAMPLE BELOW IS MIDWAY REPORTING ITS SUMMARY.

Left column (Individual Station Reports):

FOXTROT 1

QTH B * [or, QTH ____[YOUR OTHER LOCATION_____]

QXA [IF APPLIES]

[OR IF PROBLEMS - EXAMPLE BELOW]

[Q CODE]	OR [KEY WORDS]
/ C VERIZON ***	CELL NOT WORKING -VERIZON
/ D	911 NOT WORKING
/ E FRONTIER	INTERNET NOT WORKING - FRONTIER

/Y

QWA **

END RPT, OUT"

Control STN acknowledges report with "copy F1 etc...]"

Right column (Area Summary Reports):

MIDWAY REPORT   DIVISION , 2 North

STNS Reporting   4

QTH N   *

QXA ALL STATIONS   [IF SUCH APPLIES]

[OR IF PROBLEMS - EXAMPLE BELOW]

[Q CODE]	OR [KEY WORDS]
/ C VERIZON 3 STNS	CELL NOT WORKING -VERIZON 3 STNS
/ D 1 STN	911 NOT WORKING 1 STN
/ E FRONTIER 3 STNS	INTERNET NOT WORKING - FRONTIER 3 STNS

/Y ALL STNS

QWA ALL STNS   [INSERT OTHER REPORTS AS NEEDED]

END RPT, OUT"

CONTROL STN – acknowledges with "COPY MIDWAY" ...

NOTE: THE MAPPING STATION(S) POSTS ALL AREA REPORT SUMMARIES TO FORMAT TANGO 9A. NEXT, ALL AREA REPORT SUMMARIES (EACH AREA HAS A FORMAT TANGO 9A) ARE VIEWED AND ANALYZED SO THAT CONTROL RECOMMENDATIONS AS TO ACTION / NO ACTION CAN BE MADE.

NOTE: EMERGENCY TRAFFIC IS IMMEDIATELY SENT USING PLAIN ENGLISH.

 *QTH B = HOME.   *QTH N = AREA SUMMARY REPORT FROM NEIGHBORHOOD AREA LEAD.

 **QWA IS A Q CODE FROM THE FIRE WATCH BREVITY CODES – REQUIRES SPECIFIC STEPS TO CHECK FOR SUSPECT SMOKE / FIRE / EMBERS. FORMAT MIKE 7.

[***NOTE: COMPLETE Q CODE WOULD BE FOR EXAMPLE "QXI D   / C ... _" BUT "QXI D" IS DROPPED FOR BREVITY AND BECAUSE ON FMT TANGO 9A / 9M EACH OF THE "/_" CODES IS DISTINCT].
